QUICK AND ACCURATE DIAGNOSTICS

When one of our courteous and knowledgeable technicians arrives on site, he quickly gets right down to the problem you may be having. Our diagnostic is backed by an extensive amount of industry, technical service assistance, and wireless communication devices. Answers arrive quickly, even on the most difficult issues.

MAINTAIN YOUR EQUIPMENT

Regular Maintenance / service agreements with 10% discounts on all repairs. Seasonal tune-ups help extend the life of equipment, especially equipment that is exposed to the elements, like RTUs.

Falcon HVAC Services, Inc. is a combination of the best equipment, service and value and is built on a reputation of being a trusted source for heating and cooling in the Chicagoland area. At Falcon, we know that the key to success is not just the best equipment. That's why we strive to build a strong and lasting relationship with our customers.

Our suppliers are well known in the heating and cooling community...this means our customers know that they can rest assured that Falcon will only offer the finest products and services available.

We at Falcon HVAC Services, Inc. value our customers. This is why we promise:

- **We will respect you and your home or business.**
- **We will demonstrate that we are qualified in the HVAC field.**
- **We will not take short cuts to repair, service, or install your HVAC system.**
- **We will provide you with indoor comfort 24/7.**
- **We are always professional when repairing, servicing, or installing your HVAC system.**
- **We will treat you fairly.**
- **We are a fully licensed and insured HVAC specialist.**
- **Your new equipment will provide you 100% satisfaction all 4 seasons of the year.**
